Index to Civil Engineering

JANUARY—DECEMBER 1951

Subject Index

AERIAL PHOTOGRAPHY

- "Aerial stockpile inventory cuts costs 23 percent," Edward P. Sheehan..... 157
Camera maps large areas..... 236

AGGREGATES

- "Poor aggregate deposits made usable by sink-float refining process," James F. Lynch, Jr..... 705

AIRPORTS

- "Charts determine concrete pavement design for airports," A. A. Anderson..... 22
"Jet planes spell trouble for aviation engineers building Korean airfields," Robert W. Lockridge..... 398
"Modern military aircraft change airfield design concepts," J. B. Newman and H. E. Brown..... 306
Discussion by H. E. Brown..... 348
Sampson Air Force base to have new facilities..... 494
Survey authorized for national defense..... 54
"Turkey expands her air transport facilities," Ismail Ismen and Vedat Urul..... 214

ALUMINUM

- Aluminum Association meets in New York..... 734
New plant to be fueled by lignite..... 549
Plant to be built in Arkansas..... 302
Plant to be built in Washington..... 368
Production increases reported..... 236, 365, 678
Program to boost defense production..... 116

AMERICAN SOCIETY OF CIVIL ENGINEERS

Awards and Prizes

- Alfred Noble Prize to Ralph J. Kochenburger..... 41
Daniel W. Mead prize subjects announced..... 722
Daniel W. Mead prizes to Roy G. Cappel and Gordon L. Lavery..... 41
Freeman Fellowships offered..... 726
Hoover Medal for 1951 to William L. Batt..... 723
J. Waldo Smith Fellowship announced..... 221
John Fritz Medal to E. G. Bailey..... 545
Robert Ridgeway Prize awards announced..... 356
Announced by Board of Direction..... 421
Awarded at 1951 Annual Convention..... 605

Ballots

- First ballot for 1952 officers canvassed..... 485
Final ballot for 1952 officers canvassed..... 609

Board of Direction

- Actions in Houston in February..... 163
Actions in Louisville in June..... 418
Actions in New York in October..... 605
Confirms 1952 committee personnel..... 723

Centennial Celebration

- "Centennial marks a century of engineered progress," Lenox R. Lohr..... 631
Frank W. Edwards named general manager..... 667
Henry T. Heald appointed to committee..... 722
Stamp bill introduced in House..... 610

CIVIL ENGINEERING

- New Jersey Turnpike featured in January 1952 issue..... 732
Robert Cypher joins advertising staff..... 166
1950 Index available..... 98

Committees

- Comm. on Private Eng. Practice Report on A-E contracts..... 479

Employment

- Engineering vocational guide reprinted..... 42

Fees

- See ASCE—Salaries and Fees

Honorary Members

- Biographies of four new members..... 603
Four new members elected..... 484

ISSUE

PAGE NUMBERS

January	1-70
February	71-130
March	131-194
April	195-250
May	251-318
June	319-382
July	383-440
August	441-504
September	505-572
October	573-626
November	627-688
December	689-754

Insurance

- Increased benefits available..... 223
Member benefits from group plan..... 670
More benefits available to insured members..... 485

Junior Members

- Metropolitan Juniors surveyed on engineering education..... 102

Local Sections

- Active in defense program..... 353
Brazil and Venezuela Sections active..... 293
California Conference of Local Sections..... 100, 226
Columbia Section begins operations..... 44
District 10 Conference in Charlotte..... 221, 356
Florida Sub-Section formed..... 670
Kansas City Section visited by Ernest E. Howard..... 100
Kentucky Section awards prizes to students..... 356
Maine Section initiates program..... 44
Mohawk-Hudson Section announces student prizes..... 46
North Central Conference planned..... 353
Pacific Northwest Conference in Portland..... 220, 350
Savannah Subsection is formed..... 421
Seattle Section reports measures to reduce earthquake damage..... 99
St. Louis Section holds annual meeting..... 102
Tennessee Valley Section meets at Kingsport, Tenn..... 356
West Virginia Section spring meeting..... 358

Meetings

- Annual Convention, New York, Oct. 22-26
Activities described..... 290, 419, 484, 663
Program..... 535
Houston Convention, Feb. 21-23
Activities described..... 161
Mexican engineers entertain..... 222
Program..... 35
Louisville Convention, June 13-15
Activities described..... 220, 419
Program..... 285
New Orleans Convention, March 5-7, 1952
Activities announced..... 721

Membership

- Athens group organized..... 166
Glenn L. Enke elected Junior at age 19..... 720
Honorary degrees received..... 420
"Membership trends influence Society responsibilities," Gail A. Hathaway..... 394
Discussion by Ernest Nussbaum..... 720
Theodore Belzner elected Junior at age 19..... 662

Officers

- Eight new officers for 1952 elected..... 601

- Vice-President Henry Sherman, banquet for..... 223

President

- Gail A. Hathaway
Heads U.S. delegation to India..... 164
In the Philippines..... 226
Initiated into Tau Beta Pi..... 547
President-elect, heads delegation..... 42
Visits Metropolitan Section..... 226
Visits Puerto Rico Section..... 611
Ernest E. Howard visits Kansas City Section..... 100
Carlton Proctor
Nominated..... 221
Inaugural address at 1951 Annual Convention..... 648

PROCEEDINGS

- John C. Rehfield becomes assistant editor..... 42
New binders for filing Separates..... 223
Submit technical papers through ASCE headquarters..... 102

Salaries and Fees

- Reclassification of engineers in government service discussed by Charles B. Pekor..... 599
Discussion by D. M. Forester..... 719
Discussion by J. L. Harrison..... 719
"Survey of salaries for civil engineering positions"..... 457
Survey reprints ready..... 545
Use of Interim Report on percentage fees outlined..... 290

Staff

- Accountant Walter Jensen retires..... 421
John C. Rehfield on PROCEEDINGS..... 42
John Zecca new head of accounting department..... 485
Robert Cypher joins CIVIL ENGINEERING advertising staff..... 166

Student Chapters

- Committee on Student Chapters meets in Cleveland..... 351
Fenn College chapter installed..... 726
Honored for 1950 activities..... 296
Howard University chapter installed..... 296
Mahaffey Memorial Fund to aid students..... 166
Mid-Continent Student Conference meets..... 100
Metropolitan Conference at Rutgers..... 42
Sponsor large regional spring conferences..... 352
University of Denver chapter installed..... 423

Technical Divisions

- Air Transport Division's Committee on Airports and Airways Planning meets..... 300
City Planning Division congratulated..... 720
Construction Division's Committee on Basic Accounting and Cost Control Procedure prepares handbook, Construction Cost Control..... 402
Engineering Mechanics Division appoints chairman..... 544
Engineering Mechanics Division begins operation..... 290
Structural Division's Committee on Timber Structures to revise manual..... 42
Technical Procedure Conference held in Chicago..... 543

TRANSACTIONS

- Available for 1950..... 46
Available for 1951..... 728
Papers in TRANSACTIONS available as reprints..... 356

Washington Office

- Report to Board..... 163
Wives in Northern California form group..... 730

YEARBOOK

- Data sought..... 351, 420, 483, 545
For 1952, available on request..... 608, 666, 721

AMERICAN SOCIETY FOR TESTING MATERIALS

- 54th annual meeting held in Atlantic City..... 491

AMERICAN SOCIETY OF ENGINEERING EDUCATION

- 59th annual meeting held at Michigan State College..... 494

AMERICAN STANDARDS ASSOCIATION

Hydraulic letter symbols studied..... 678

ATOMIC ENERGY

AEC plant at Paducah, Ky., contracts let, 116, 548
AEC plant facilities get planning funds..... 299
AEC to build uranium ore refinery in Ohio..... 365
Aiken, S. C., site for plant selected..... 49
Contract extended for operation of Hanford Works..... 734
"Designing for nuclear shielding," H. M. Glen..... 657
"Prior planning saves lives in atomic disaster," J. S. Marsh..... 155
Symposium, "Nuclear shielding—a new engineering field"..... 451
"What is nuclear shielding?" H. M. Glen..... 451
"Darytes aggregates make heavy concrete for shielding," Edward G. Tirpak..... 453
Titanium plant in Henderson, Nev..... 550, 672

AWARDS AND PRIZES

American Institute of Steel Construction scholarships announced..... 304
Fellowships in public health field announced..... 616
Fulbright Awards in engineering announced..... 551
Hoover Medal to Karl T. Compton of MIT..... 42
Moles announce 1952 awards..... 732
Moles present awards..... 168
John Fritz Medal for 1951 to Vannest Bush..... 98
Washington Award to Edwin H. Armstrong..... 166
See also Welding

BEACH EROSION

"Beach protection engineers attempt to outwit nature at Presque Isle Peninsula," Frank H. Forney and Gerald A. Lynde..... 308

BRIDGES

American Institute of Steel Construction awards for steel bridges..... 618
Bay St. Louis Bridge contract let..... 488
Box girder for Passaic River Bridge..... 304
"Bridge substructures built to fit site conditions on Pennsylvania Turnpike's Western Extension," Charles W. Grancher..... 696
"Bridge waterway area formula developed for Indiana," Robert Yule (Oct. '50)..... 160
Discussion by Tate Dalrymple..... 160
Closing girders placed in Passaic River Bridge..... 672
Delaware Memorial Bridge opened to traffic..... 549
Discussion by A. Fraser Rose..... 600
"East St. Louis Bridge erected by cantilever method," E. L. Durkee..... 383
"Floating caissons for Yorktown, Va., bridge sunk to 150-ft depth in swift-flowing tidal water," John N. Newell..... 406
Four-mile bridge-tunnel to span Hampton Roads, Va..... 490
George P. Coleman Memorial Bridge, Yorktown, Va., swing span..... 112, 616
"Ingenuity and heavy equipment combine to build 4.3-mile Chesapeake Bay Bridge," Mid-Hudson River bridge plans approved..... 54
New Bridge at Wheeling, W. Va..... 614
New York Central RR to build Harlem River span..... 364
New York Thruway to span Hudson at widest point..... 50
Penrose Avenue Bridge, Philadelphia, opens..... 613
"Philadelphia's Penrose Avenue Bridge opened to traffic," Frank M. Masters..... 578
Plans for Hudson River Bridge at Kingston authorized..... 614
Quebec bridge renovations to speed traffic..... 113
"Record swing span characterizes South Capitol Street Bridge" (Washington, D.C.), Harry J. Engel..... 1
"Screed-template frame facilitates seating of bridge shoes"..... 715
"Single bridge piers (for Belle Vernon Bridge) built in cellular cofferdams," R. B. Howard..... 20
Straits of Mackinac bridge recommended..... 171
Symposium, "Skunk River Bridge exhibits composite action after twenty-eight years of service"..... 402
"Tests reveal unexpected bond between concrete floor and steel stringers," Almon H. Fuller..... 404
"Can reliance be placed on natural bond between concrete and steel?" E. W. Blumenschein..... 600
Discussion by Ivan M. Viest..... 372
Three-lane roadway opened on Brooklyn Bridge..... 372
Veterans's Memorial Bridge on Mississippi River opens..... 113
Ward's Island Bridge span placed..... 112
What's new in bridges..... 112
See also Caissons, Piers, Prestressed concrete

BUILDING CODES

Chamber of Commerce urges standardization of..... 674
Michigan engineering group studies..... 676
Revisions proposed by New York State..... 235

BUILDING RESEARCH ADVISORY BOARD

Advises government on building conservation..... 491
Research organization formed to aid..... 425

BUILDINGS

Adoption of modular coordination predicted..... 236
Aircraft expansion program contracts awarded..... 426
Aircraft plant contracted for..... 613
Army Engineers to construct veteran's hospital in New York..... 54, 234
Building contract to Dallas firm..... 47
Contract for Veterans' Administration hospital in Mass. awarded..... 364
General Motors dedicates new engineering center..... 676
Hotel-type barracks for Air Force..... 116
New Hospital for Springfield, Mass..... 616
New York office building uses lightweight aggregate..... 673
Port of New York Authority Bus Terminal opens..... 48
Syracuse, N.Y., war memorial..... 614
"Thin reinforced concrete members form Turin (Italy) exhibition halls," Pier Luigi Nervi..... 6
"Thin-shell-arch hockey stadium for Quebec built in 10 months," Robert Zaborowski..... 586
See also Building Research Advisory Board, Garages, Roofs

CABLEWAYS

"Will a construction cableway fit your job?" J. G. Tripp..... 134

CAISSONS

"Deep, lightweight piers for (George P. Coleman Memorial) bridge at Yorktown, Va., built by caisson method," Maurice N. Quade, George Vaccaro..... 78
"Floating caissons for Yorktown, Va., bridge sunk to 150-ft depth in swift-flowing tidal water," John N. Newell..... 406

CEMENT

Cement mill in Virginia near completion..... 428
See also Concrete

CHANNELS

"Dredges enlarge 50-mile Houston Ship Channel," Kenneth Heagy..... 152

CHIMNEYS

"Reinforced concrete chimney built to record height of 611 ft," Arthur M. Clark..... 74

CITY PLANNING

Businessmen's Conference on Urban Problems considers defense planning..... 56
"Chicago builds \$230,000,000 superhighway system," V. E. Gunlock..... 88
City building in 1950 tops all records..... 302
"Expressways and railroads integrated in Louisville's city plan," Charles E. De Leuw..... 390
"Houston urban expressways promise savings of \$2,750,000 annually," W. J. Van London..... 131
"Is the growth of our cities properly guided?" Harland Bartholomew..... 596
Philadelphia plans major improvement program..... 616
Philadelphia plans new industrial land use..... 368
Terminal to consolidate Manhattan air facilities..... 492
Urban growth studied in defense plant areas..... 676

COFFERDAMS

"Chemicals stop cofferdam leaks" (Cumberland River bridge), C. Martin Riedel..... 195
"Single bridge piers (for Belle Vernon Bridge) built in cellular cofferdams," R. B. Howard..... 20

COLUMNS

"Base plates for fixed-end columns should be designed to resist uplift," Stephen W. Waterman..... 218
Discussion by Robert V. Hauer..... 416
Discussion by Ralph W. Stewart..... 416
Discussion by author..... 478
"Design method for eccentrically loaded steel columns fits any code," Walter L. Willig, Charles W. Cunningham..... 717
"Effect of eccentricity on steel columns cannot be safely ignored," Paul Rogers..... 475

CONCRETE

ACI 47th annual convention..... 168
Developments studied at New York University seminar..... 430
"New deformation patterns improve bond of reinforcing bars," C. A. Willson..... 144
Discussion by Duff A. Abrams..... 347

New York builds reinforced concrete schools..... 613
"Oceanographic instrument aids bridge engineers in pouring under-water concrete," Wayne V. Burt, D. W. Pritchard..... 660
Stabilizing process speeds concrete form removal..... 738
"Steel-pan forms provide economical long-span roof," R. L. Reid..... 512
"Thin reinforced concrete members form Turin (Italy) exhibition halls," Pier Luigi Nervi..... 6
"Thin-shell-arch hockey stadium for Quebec built in 10 months," Robert Zaborowski..... 586
See also Cement, Forms, Prestressed concrete

CONSTRUCTION COSTS

ASCE handbook on Construction Cost Control available..... 492
Materials major cost in water and sewage works..... 554

CONSTRUCTION EQUIPMENT

American equipment used on Beirut Airport..... 118
Associated Equipment Distributors hold 32nd annual meeting..... 172
Dealer service aids conservation of..... 365
Heavy equipment speeds clean-up in Midwestern flood area..... 550
Heavy equipment speeds landslide removal..... 429
"Ingenuity and heavy equipment combine to build 4.3-mile Chesapeake Bay Bridge," Inventory proposed by Associated Equipment Distributors..... 370
Lorain 50-I crane speeds Bedloe Island improvement..... 492
"Puddled-clay cutoff walls stop sea-water infiltration," Aaron D. Rhodes..... 71
"Simple device equips fork-lift truck to yard concrete pipe sections"..... 597
"There's no substitute for brains—use them," Clyde W. Wood..... 202
Discussion by Duff A. Abrams..... 348
Twin tractor attacks Texas land clearing..... 736
"Will a construction cableway fit your job?" J. G. Tripp..... 134

CONSTRUCTION INDUSTRY

"A contractor assays the specifications for Bull Shoals Dam," Ross White..... 638
AGC annual convention meets in Boston..... 232
AGC formulates plans for civil defense..... 170
AGC-ASCE Joint Cooperative Committee meets..... 609
APWA meets in Detroit..... 671
Apprenticeship for construction workers urged..... 740
Building industry employers of New York State meet..... 54
Contractors' problems studied at AGC meeting..... 615
"Independent contractor or employee?" Walter C. Sadler..... 82
Joint contractor-producer group established..... 492
"Joint-venture contracting—phenomenon of the construction industry," J. G. Tripp..... 326
Discussion by W. E. Waste..... 534
Discussion by Francis Donaldson..... 534
Tax law changes recommended by AGC..... 490

CONSTRUCTION VOLUME

Activity in 1950 reaches all-time peak..... 108
Controls affect volume..... 298
Controls cause building shutdowns in New York City..... 614
Drop in building materials production seen..... 116
Forecast decline in 1952 dollar volume..... 734
Increased manufacture of clay products..... 426
Monthly activity reported..... 49, 170, 234, 298, 362, 425, 489, 548, 612, 671, 733

CONTRACTS

"Joint-venture contracting—phenomenon of the construction industry," J. G. Tripp..... 326
Discussion by W. E. Waste..... 534
Discussion by Francis Donaldson..... 534
"Liquidated damage clauses in contracts are not always valid," Walter C. Sadler..... 644
Procedures for award of A-E contracts (Report of ASCE Committee on Private Engineering Practice)..... 479
"What constitutes adequacy of construction?" Walter C. Sadler..... 205

DAMS

"A contractor assays the specifications for Bull Shoals Dam," Ross White..... 638
"Bull Shoals Dam now completed," H. V. Pittman..... 632
"Buttress-type dam with curved upstream face proposed," Horace P. Boardman..... 346
Discussion by Lewis A. Schmidt..... 534
"Ceylonese learn American methods quickly on Gal Oya Dam," D. J. Bleifuss..... 525
"Cooperative project increases usefulness of Cooper Union's surveying camp," John O. Eichler, Giles G. Green..... 650
Davis Dam forebay bridge and highway open..... 491

"Enders Dam completed—unit of Missouri Basin project goes into operation," U. V. Engstrom.....	15	Working briefs prepared by Carnegie Tech See also American Society for Engineering Education, Engineers' Council for Professional Development, National Defense, and department, "New in Education".....	238	"Ceylonese learn American methods quickly on Gal Oya Dam," D. J. Bleifuss.....	525
"Falcon Dam stimulates irrigation in Mexico," J. C. Bustamante.....	272	EMPLOYMENT		Economic Cooperation Administration inaugurates \$250,000,000 Philippine development program.....	551
First of world's largest pumps starts at Grand Coulee.....	428	College graduates face good employment market.....	374	"Model studies aid in design of Brazilian hydro project," Emmett M. Laursen.....	24
Folsom Dam contract awarded.....	618	Defense program affects.....	740	Models advance design of Bhakra Dam spillway.....	370
"Forty-year-old Wilbur hydro project rejuvenated," Don H. Mattern.....	466	Defense program boosts demand for engineers.....	48	New Zealand pier contract awarded.....	302
"Holing through of Garrison Dam tunnel completes excavation operations," J. J. Walsh.....	114	Engineers needed for Indian power project.....	56	Simple solution for Caracas building problem.....	235
Hulah Dam, Oklahoma, completed by Corps of Engineers.....	233	"This critical shortage of engineers," S. C. Hollister.....	14	"Thin reinforced concrete members form Turin (Italy) exhibition halls," Pier Luigi Nervi.....	6
Hungry Horse Dam, final contract awarded.....	299	Top engineering posts open in San Diego.....	554	"Turkey expands her air transport facilities," Ismail Ismen and Vedat Urul.....	214
"International irrigation developments along Rio Grande started," C. M. Ainsworth III.....	208	ENGINEERING FOUNDATION		Turkey plans hydraulic development program.....	114
"Joint-venture contracting—phenomenon of the construction industry," J. G. Tripp.....	326	Reports on its research.....	353	United States and India sign reclamation agreement.....	674
Discussion by W. E. Waste.....	534	Welding Research Council offers fellowships.....	238	"Unusual types of construction feature Cuban building boom," M. D. Morris.....	51
Discussion by Francis Donaldson.....	534	ENGINEERING INSTITUTE OF CANADA		See also Military Engineering	
"Large savings estimated from constant-angle arch dam," discussion by J. J. Polivka (Nov. 1950).....	727	Annual meeting held in Montreal.....	364	FORMS	
Discussion by Horace A. Johnson.....	96	ENGINEERING SOCIETIES LIBRARY		Prefabricated forms aid snowshed construction.....	171
Discussion by J. J. Polivka.....	219	Engineering bibliographies issued.....	238	"Slip form speedily erects grain building," James W. Macdonald, Jr.....	148
McNary Dam bids opened.....	304	Revises photoprint services.....	421	"Steel-pan forms provide economical long-span roof," R. L. Reid.....	512
"Model study aids designers of spillway for Lyman Run Dam," Andre L. Jorissen, Vernon L. Dutton.....	514	ENGINEERING SOCIETIES PERSONNEL SERVICE		FOUNDATIONS	
Models advance design of Bhakra Dam spillway.....	370	Changes in Chicago office announced.....	353	"Arctic engineering requires knowledge of permafrost behavior," G. W. Rathjens.....	645
"Paraiba-Pirai Diversion Project to fill Rio de Janeiro's power needs up to 1960," Adolph J. Ackerman, Franklin T. Matthias, George O. Vogan.....	573	See also "Men and Positions Available" in each issue		New method introduced in United States.....	427
"Power to pay for Brazos River developments," Constant R. Marks III.....	264	ENGINEERS AND ENGINEERING		See also Caissons, Cofferdams, Soil Mechanics	
"Pumped-storage hydro plant in Texas proves economical," G. E. Schmitt.....	251	Discussion on value of engineers in world cooperation, by H. K. Nivas.....	160	GAGES	
Single-arch dam built in French Alps.....	110	President appoints National Science Foundation head.....	234	"Mercury switch permits use of unlimited number of electric strain gages," Stuart Daniels, U. Seiden.....	158
Twelve-ton tetrahedrons close cofferdam for McNary powerhouse and spillway," J. R. Thatcher.....	337	See also Professional Advancement		GARAGES	
"Warped-surface layout method aids dam construction," George W. Mattson.....	216	ENGINEERS' COUNCIL FOR PROFESSIONAL DEVELOPMENT		"Los Angeles constructs 2,000-car underground garage," Charles A. McMahon.....	689
"World's largest pumping plant begins operation at Grand Coulee Dam," S. J. Bohman.....	330	Annual Report for 1950 available.....	102	Minneapolis initiates garage program.....	489
See also U.S. Bureau of Reclamation		Guidance manual available.....	422	Discussion by Walter H. Wheeler.....	600
DEFENSE PROGRAM		Nineteenth annual meeting in Boston.....	726	Underground parking in Los Angeles.....	615
Allocation of controlled metals determined. AGC formulates plans for civil defense. Appointments to Scientific Manpower Advisory Board of the National Security Resources Board.....	192 170 105	ENGINEERS JOINT COUNCIL		Virginia shopping center features vertical parking.....	676
Conservation of waste paper for defense urged.....	236	Acts to conserve engineering manpower.....	98	HANGARS	
Consultants appointed for D. C. dispersal planning.....	110	Approves affiliation with UPADI.....	611	See Airports	
"Controlled Materials Plan—some questions answered".....	708	"Call a moratorium on federal water resources projects".....	700	HARBORS	
Defense Production Administration adopts conservation program.....	673	Convocation discusses shortage of engineers.....	723	See Ports and Maritime Structures	
Deferment of superior students urged.....	47	"Engineers and professional unity," William N. Carey.....	197	HIGHWAY RESEARCH BOARD	
EJC Manpower Commission recommends separate registration by Selective Service Metallurgical advisory board established. NSRB manpower advisory committee testifies.....	40 235	Engineering Manpower Commission issues first report, "Utilizing Engineering Manpower".....	353	Road studies outlined at Washington meeting.....	174
"Portland engineers survey buildings for air-raid shelter use," S. J. Bohman.....	336	Engineering Manpower Commission—"Membership trends influence Society responsibilities," Gail A. Hathaway.....	394	HIGHWAYS	
"Shortage of materials jeopardizes defense power program," R. F. Brower.....	695	Discussion by Ernest Nussbaum.....	720	Alaska road program geared to defense needs.....	430
"United States faces shortages in mineral raw materials," James Boyd.....	118	Engineering Manpower Commission originates news letter.....	420	American Road Builders Association annual meeting.....	300
See also Atomic Energy, Engineers Joint Council, Military Engineering		Engineering Manpower Commission recommends separate registration by Selective Service.....	40	Battery Park Underpass opened.....	298
DREDGING		National programs launched.....	222	Boston's overhead express highway.....	233
"Dredges enlarge 50-mile Houston Ship Channel," Kenneth Heagy.....	152	Objectives and activities reviewed.....	40	"Chicago builds \$250,000,000 superhighway system," V. E. Gunlock.....	88
DRY DOCKS		Professional problems studied.....	609	"Expressways and railroads integrated in Louisville's city plan," Charles E. De Leuw.....	390
"Railway dry dock in Denmark docks 2,000-ton ship in half an hour," J. Stuart Crandall.....	12	Recommends correction of salary inequities Statement in Water Policy Panel Report disavowed, discussion by Calvin V. Davis and reply by Abel Wolman.....	284	Fifth annual Virginia Highway Conference meets.....	736
EARTHMOVING		Technical group on engineering manpower proposed.....	201	Fifth Pan-American Highway Congress meets in Peru, Oct. 6-15.....	549
See Construction Equipment		"Unity Organization" discussed by T. H. Evans.....	532	Film on Pennsylvania Turnpike available.....	429
EARTHQUAKES		"What are the prerogatives of professional employees under the Taft-Hartley Act?" (prepared by Labor Legislation Panel).....	474	"Higher accuracy in highway surveys brings long-run economy," J. C. Carpenter.....	389
"Hydrodynamic pressure due to horizontal earthquake shock computed by curves," Ven Te Chow.....	532	FLOOD CONTROL		"Houston urban expressways promise savings of \$2,750,000 annually," W. J. Van London.....	131
Measures to reduce earthquake damage reported.....	99	Appropriate \$597,000,000 for floods and navigation.....	674	"Joint highway-railway military planning should remain in state and private hands," John W. Wheeler.....	400
ECONOMICS OF ENGINEERING		"Formula presented for estimating flood discharges," George Ribeiro.....	661	N. Y. and N. J. expressway connection proposed.....	110
"A contractor assays the specifications for Bull Shoals Dam," Ross White.....	638	"Reappraisal of flood control objectives indicated by Midwest flood of July 1951," Verne Alexander.....	640	"New York State Thruway to be paid for by special license fees," Bertram D. Tallamy.....	274
EDUCATION		Texas flood control project approved.....	552	President's Highway Safety Conference meets.....	370
Columbia University plans engineering center.....	735	Western floods damage park and highway structures.....	47	Receive \$500,000,000 in federal aid.....	735
Post war civil engineering curricula analyzed.....	306	FOREIGN ENGINEERING WORKS		Steel for New York State Thruway banned Third California Conference on Street and Highway Problems.....	171
"This critical shortage of engineers," S. C. Hollister.....	14	American company gets New Zealand contract.....	372	See also Toll Roads	240
"What lies ahead in engineering education?" Henry T. Heald.....	472	American engineers advise on Greek land reclamation.....	169	HOUSING	
		Brazilian blast furnace to be built.....	304	Committee to advise on modular construction.....	620
		"Brazil's Paraiba-Pirai Diversion Project" Adolph J. Ackerman, Franklin T. Matthias, George O. Vogan.....	573	Private homebuilding gains in September.....	678
